## Study and exam updates

We hope you all made it well through your exams!  
Good luck for all waiting for their results.

The dates for the second exam period (**September 13<sup>th</sup> – 30<sup>th</sup>**) will be released after the first one. You can find them [here](#).

### How to have a smooth exam?

- Keep in mind the registration deadlines, even if the exam is online
- Read the instructions well in advance, try out the demos if available and check if the exam platform is working for you, so that you can avoid problems in time
- Make sure your internet connection is stable; if in doubt, try to sit the exam at a place which has stable internet connection.
- Problems? Immediately contact your professor (with the exam office in CC) and the platform support. **Do not** ask the academic advisor as I don't know anything about the platforms and therefore cannot help you.

*Do you have more advice for online exams from your experience? Let us know!*

### Courses in Plural Economics

If you want to take the exams in one or more of these modules:

- Wirtschaftspublizistik
- Entwicklung und Verteilung
- System- und Organisationsentwicklung

then please write directly to the lecturer(s) to take part in the exams. A registration in Unisono is currently not possible. Please use the respective [documents \(Leistungsschein\)](#) for the examiners to fill out and prove you have completed all necessary achievements for the module.

Once you have gathered all achievements for the module, send them to the exam office.
